### **Inspection Details**

Inspection Date: 22 Sep 2014 1:02 PM

Inspection ID: 50439 Inspector: 4948

Grade: A

### Inspection Notes:

Unable to test drive vehicle as it's in the middle of showroom. Vehicle started right up and sounded good. Checked lights and horn. Reverse lights inop, 1 of the 2 horn units is inop thus single tone horn. Unable to lower convertable top at owner request. States that he didn't want to crease the newer vinal top on vehicle...

Unverifiable Miles Due to 5 Digit Odometer". Present odometer states 00046....

Please see photo of vehicle data sheet attached herein...

This 1967 Chevrolet Camaro is in prestine condition, inside and out. The restoration process it went through was front to back, left to right. Not being able to test drive the car, I will say the engine (327 C.I), sounded very nice, smooth and not out of time. The undercarrage found no fluid leaks as shown in the attached photos and very clean. This car is a classic winner all around....
